Kohama Main Village

SPOT Reach the summit in about 5 minutes from the parking lot! Actually, the view from Mt. Iri-ufudaki—which is lower than Mt. Ufudaki—is highly recommended! A magnificent panoramic view awaits you!

A beach with beautiful color contrasts where coral reefs extend out to the open sea.

SPOT Looking towards the port from around here, you can see the ocean appearing right above the road!!

! Steep hill to the observatory. Watch your speed and oncoming traffic.

An area where the mangrove (Hirugi) forest stretches for 2km; it is the premier mangrove spot on Kohama Island.

SPOT The view looking down over the mangrove forest from the three-way intersection is majestic!

The road from Kohama Main Village to Kubazaki Village is bumpy; please watch your speed and ride carefully.

A quiet beach with calm waves. You can see Iriomote Island right in front of you.

Fresh fishes, shellfish, and mozuku seaweed served at Haimurubushi are delivered directly from this port.
